

**Wells, ME Distribution Center
Unloading Rate Schedule effective 4/3/11**

Category	Abbreviation Code	Rate
Minimum	Minimum load charge	\$50.00
RO	½ Load 11 pallets or less	\$50.00
RO	Full load 12 or more pallets	\$70.00
RO	Pinwheel / Double Stack	\$100.00
LTL BD (14 pallets or less)	Less than Truckload (14 pallets or less)Breakdown	\$100.00
FLBD (more than 15 pallets)	Full Load (15 pallets or more) Breakdown	\$150.00
BDPP	Breakdown Palletized Paper	\$225.00
BDSS	Breakdown Sort and Separate 1/3 of trailer or less	\$250.00
SS	Sort and Separate More than 1/3 of the trailer	\$275.00
FL	Floor Load	\$300.00

Drop Trailer Fee: \$40.00

In addition to the foregoing fees, the Carrier shall pay a \$40.00 drop fee for all except live unloads.

Carrier shall pay the following charges for the unloading of the following types of loads:

If a trailer is half a load or less of a BD (Turns into 14 pallets or less) \$100 the price of the load type will be charged.

For example, a trailer of 10 pallets of run off will have a charge of \$50 as well as the full drop fee.

Where a load has shifted or damage to product has occurred before arriving at Shaw's the off load price will be adjusted to reflect the load type.

For example, a run off load that has shifted on a trailer or was shipped on broken pallets and has to be rebuilt will be charged as a Floor Load.

(Pictures or other appropriate records will be taken or made and will be available for Carrier inspection.)

Shaw's will not be responsible for this damage.

Shaw's reserves the right to refuse the entire delivery if it deems the load not salvageable, the cost of unloading too great or that unloading would, in Shaw's sole judgment, be unsafe.

***Price is per pallet for the offloading of the pallet only. Any sort and separate or rework to the pallet will be the responsibility of the driver.**
